Lawrence Walsh:

I'm quite sure you understand what:

1. Obstruction of Justice
2. Suppression of Evidence
3. And, Coconspiracy to an illegal concerted action means.

Your fancy foot work utilizing Robert McFarlane to protect Edwin Meese while committing a tort in Judge Gesell's Courtroom isn't going to work.

b6
b7C

[redacted] is a weak link & when the pressure becomes more tense, he's going to seek immunity.

McKay's subcommittee investigation into Edwin Meese @ the Oversight of Government Affairs in the Hart Bldg. may refuse evidence so, "McKay can proclaim, No Evidence Submitted Proves Any Wrong Doing" But, there's hundred within the news media who know differently. Not to mention a few thousand I've addressed since 1979 after the C.I.A. confirmed the illegal concerted covert operations.

Now, do you like that wording: "Illegal Concerted Covert Operations"? I created it a long time ago. Now, look back @ numbers 1 & 2 above. Soon, these words will be used by all as well.

If your wondering, "Why I'm so arrogant & sure of myself"! Check this out:

1. U.S. Secret Service Case No. 127-671-10510

It relates to an on going assassination against Pres. Ronald Reagan hundreds of News Media are aware of: (Unfortunately, most reports are too guttless to express such. But, when the day comes, real soon, your the first person I'll be addressing re. such).

Bottom Line: Get Smart Mr. Walsh. The list of people who know of the truth are many. Time is on my side.

If you believe others who suggest, "I'll just go away or disappear" Don't. They also assumed I'd accept a 5.7 million dollar bribe from an [redacted] son of the C.I.A. on Oct. 4th, 1987, which I also refused.

And yes, there was an assassination attempt upon my life but, Pres. Reagan began to wear his flack jack & complain of a major security leak in the White house as well! As for Hunt in Texas, the news media never printed his little minor problem with life & death, did they!

b6
b7C

Just so we understand each other, I have complete faith in God. And, I've been considered impressive by many Organized Crime Families, ever since I was a child. I still believe God protects me but, there are many who assume I am

crazy for thinking such! But, everyone who ever confronted me has learned, "FOOLISH I AM NOT". So, understand, "I don't force anyone to do anything". People choose their own course in life. I offer Love, Truth & Friendship to those who wish to accept such. As for the other 359 different directions in life people choose, well; they can either believe in Theology or Organised Crime Figures. Like I said, "I don't force anyone to do anything". I only offer Love, Truth & Friendship.

Where your an attorney, you'll be more interested in the U.S.Secret Service Case Number anyway! And me, "I'd dial the telephone for you if I was there". Remember, "I admit to being crazy. But, FOOLISH I AM NOT". If, you want to learn first hand what this means, go for it.

Reference Bureau airtel to Boston dated 6/14/88 and
 WMFO airtel to Boston dated 8/2/88.

On 6/30/88, EDWARD CLIFFORD RODIER was interviewed regarding a letter that was received by LAWRENCE WALSH and allegedly sent by RODIER.

RODIER, after viewing a xerox copy of the letter, acknowledged that he prepared the letter. RODIER was asked to explain the context of the letter, however, RODIER was unable to furnish a clear explanation of the context of the letter and the reasons for preparing the letter. RODIER did state that his letter contained no threatening language in his opinion and he desired to make it clear that he had no intention of inflicting harm on any individual. RODIER apologized that the letter was construed as being threatening in nature. At this point, RODIER requested that he be given the opportunity to express certain political issues that troubled him. RODIER believed that this opportunity would help in explaining the context of his letter.

RODIER attempted to express his views on a myriad of issues. During this process, RODIER drifted from one subject matter to another, interjecting opinions and explanations that were irrelevant to any specific issue he attempted to present.

It became apparent to interviewing Agent that RODIER, given any amount of time, would be unable to make sense of any issue he presented.

Believing that RODIER may have been affiliated with some form of mental condition, RODIER was asked if he was ever treated for any mental condition.

RODIER, after a moment, pronounced that he was prescribed Thorazine for a "back disorder" by doctors at the Bedford VA Hospital, Bedford, Massachusetts. Additionally, a doctor in California had diagnosed him as a paranoid schizophrenic. RODIER dismissed this evaluation by the doctor and declined to seek any medical counseling. It should be noted that Thorazine is a prescribed medication for the treatment of certain personality disorders.

The following background information was obtained at various points during the interview:

Lawrence Walsh:

Re. Criminal Fraud Against the Government

I am requesting a full investigation of myself,

Edward Clifford Rodier

et al. Rod Edwards

Gvt. Code Name: The Son of Man

to be conducted immediately in conjunction with the following areas of importance:

1. Continuing ongoing illegal cover-up re. the illegal concerted covert operations and named participants involved in a multitude of Criminal Fraud Against the Government Operations including the Iran/Contra operations, Monopolization of Gold, Manipulation of the U.S. Treasury and Banking Ind., Manipulation of the New York Stock Exchange Commodities Index and the B.B.C. Trial hearing in Los Angeles, CA.
2. The suppression, Illegal Judiciary violations of law, illegal judiciary gag-order, attempted murders and a multitude of Civil and Constitutional Rights violations attempting to suppress crucial evidence from being admitted in a Court of Law or to Prosecuting attorneys.
3. Ongoing attempted bribes and briberies of Governmental Agencies to cease and stop all investigations filed with case numbers by the participants of the illegal concerted covert operations illegally.

Bottom Line Mr. Walsh:

Shall we now play hard-ball, "My Way".

Since 1978, I've been made a marter to this Governments Corruption while its continued its efforts to cover-up illegal concered cover operations for personal gains.

Since 1978, I've been playing, "Hard-ball" with one exception! I've been the ball.

On Sept 27th, 1987, I rendered a Declaration of War Against The United States of America and, many laughed. By Oct. 4th, 1987, some stopped laughing. But you Mr. Walsh have a problem. The problem is, "You can't read the writting on the wall". I've stressed to you, "You ass is in a sling and unless you do something, your going to get fucked". But, you sent the Secret Service to talk with me and attempt to neutralize my attack judiciously. Since that time, I've provided every opportunity possible to you, hoping you'd have a change of mind and stop; "Suppressing Evidence while Obstructing Justice with full knowledge of a known illegal attempted bribe by a named C.I.A. Agent".

Now, you leave me no alternative other then, "Reaming you.

So, Mr. Coward Walsh, come after me. I am about to admit and confess my in-house participation with the Illegal Concerted Covert Operation Participants stressed in items 1 thru 3, plus more.

In other words; "If you refuse to do your job in an Honest, Sincere and Loving manor forwhich this Nation was founded on", I'll allow the news media to do your job and at the same time, 'Cut through the N.S.C. Bullshit now prohibiting the news media from printing such'.

And by the way, "I'm not afraid to take on this entire Nation of Corruption to expose this illegal ongoing cover-up".

If I might suggest; "Get with Pres. Ronald Reagan A.S.A.P." and, "Tell him directly on a one to one bases what I've stated". And, if you want to laugh, I suggest you save it until after your meeting with Pres. Reagan. Maybe I can't wipe the laugh off your face but, Pres. Reagan will once he tells you the truth about me.

Besides, the Memo your office sent me on April 22nd, 1988; three days after you addressed my brief on National T.V. exist today. So, I don't care what your stooges are tell you. When the shit hits the fan, your face will be the first it hits.

And as for the F.B.I., They've lost so many files attempting to protect this ongoing cover-up, I can prove the files existed. Infact, a National news story dated in 1979 proves alot more then assumed.

Don't look to George Bush to get you out of this either. George Bush is backing Norieaga in Panama. Like George said, "He's no dummy". I told Bush almost a year ago, 'You might assume your a mongoose amoung snakes but, I'm The Eagle". What this has to do with my letter will become known of latter. Remember, "Gvt. Code Name: The Son of Man" with my symbol.

Pres. Reagan has every correspondence since taking office.

Read them, "Ass-Hole" and don't delay.

If, after reading them, you want to take me on, "I've been waiting Coward". On the other hand, if after reading them, you have a change of mind, I'll accept your apology and prove my abilities, forth with.
